

## UNUSUALLY INTERESTING

Was the Grind of the Council Grist.

### ELECTRIC LIGHT PLANT

Owned by the City is Under Discussion.

Matters of unusual public interest were before the Logan Council at their regular session, Tuesday night. All the councilmen were present except Mr. James.

The Mayor's report for the month of June showed fifty-seven dollars collected by him during the month, fifty-five of which was for fines. The clerk and treasurer's monthly reports were also read, showing a present total balance in the treasury of \$5716.20, divided as follows:

General Expense Fund,	998.07
Safety Fund,	1030.55
Service Fund,	2645.95
Water Fund,	714.09
Library Fund,	818.64
Health Fund,	8.00

All the reports were approved and placed on file.

An ordinance to regulate the weight of loads hauled over the paved streets, and the width of tires for wagons, was introduced by Mr. Thurness and read for the first time. The proportions prescribed are as follows: 2-inch tire, not over 3000 pounds; 3-inch tire, not over 5000 pounds; 4-inch tire, not over 10,000 pounds. A fine not to exceed five dollars is provided for violation.

Mr. Angle, Chairman of the Ways and Means Committee, reported favorably on a number of bills, which were allowed. Referring to the bill of Wm. Fields for killing and burying three female dogs, Col. Weldy intimated that it might be well to let that good work go on, and the more killed the better—it was well worth seventy-five cents apiece to be rid of them.

The matter of defective sidewalks was the signal for a friendly warfare of words between Mr. Weldy and Mr. Pettit, who were divided in opinion on the mode of procedure to compel delinquents to pave. Under a flag of truce the matter was postponed for private discussion between them.

Mr. Angle stated that the gas pipes on Hill Street are exposed, and moved that the gas companies be notified to lower them. Motion carried. The vexed and vexing question of grades in the Gompf Addition was brought up, and after the usual discussion, Col. Weldy moved that the Solicitor be instructed to prepare an ordinance to establish the grades in that addition and also on Bowen and Hill Streets and Weldy Addition according to the profiles and survey prepared by Mr. Kaney when he was city engineer. The motion carried. At the suggestion of Mr. Thurness the Street Committee was authorized to proceed with desired improvements at the north end of Walnut Street.

The select committee on plans for a municipal lighting plant, comprising Messrs. Weldy, Lanning, and Shaw, presented preliminary plans for the enterprise. The plans were prepared by Mr. George Champ, of Toledo, who was present and explained the plans. The scheme is to enlarge the Water-Works Plant and consolidate the two. The report of the committee was approved, and they were instructed to proceed at once to perfect the details and get specifications, preparatory to a bond issue.

Col. Weldy offered a resolution adding the issuing of any order for payment of salary to any ap-

pointed officer of the village until the same had been passed upon and approved by the council. The resolution was adopted.

Mayor Dollison presented the name of Mr. George Krishbaum, to serve as night policeman until Jan. 1, 1907, and Mr. Krishbaum was confirmed by a vote of three to two.

A protest was registered by Dr. I. C. Wright concerning the disposition of the muck and dirt accumulated on Mulberry Street, opposite his residence, and which had been scraped up and thrown into the middle of the street. The street committee promised to look after the matter, after which a motion to adjourn was carried.

### Modern Woodmen

On Friday night of last week a camp of Modern Woodmen was instituted in Logan, with about 70 of a charter membership. The instituting team came from Circleville, commanded by Captain Lighthouse, who was much complimented on his nicely uniformed and splendidly drilled company.

The new camp was officered by W. A. Henderson being elected Consul and W. L. Moore as Clerk. The Modern Woodmen is principally for life insurance, and many of our business men joined to take advantage of the low rate of life insurance. Mr. Womack who got up the camp was much pleased with the success of the organization.

### Eighty-Sixth Anniversary.

"Uncle" Joel Kittsmiller's eighty-sixth birthday anniversary was celebrated by a gathering of the family and relatives at his old home on East Front Street, last Sunday. Mr. Kittsmiller is not so feeble as might be thought from his advanced age. He had the misfortune, Friday night, to fall off the stone wall in front of his home, while walking in his sleep, and fractured a rib, besides sustaining other bruises. Those out of town present at the re-union Sunday were: Mr. and Mrs. Harry Wolf, Mr. and Mrs. Bert Miller, Mrs. Emma Nichols and son Roscoe, Miss Mary Maryin, Miss Ada Kittsmiller, Miss Margaret Kittsmiller, and Mr. and Mrs. Robert Kittsmiller, Jr., all of Columbus, Col. Robert Kittsmiller, Sr., of Sandusky, and Mr. and Mrs. Lawrence Gano, of Nelsonville.

### Birthday Surprise.

On Thursday, July 5, Wilford Ralston reached the 80th, milestone on his journey of life, and his children planned a pleasant surprise for him.

Accordingly about dinner time he was summoned from the car to greet a dozen or more of his relatives who came unexpectedly. A sumptuous dinner was served, presided over by his daughter, Miss Ethel, who acquitted herself as a royal hostess. May many more such days come to him.

ONE OF THEM.

### Warning to Merchants.

You will take notice that I will not be responsible for any debts made by my wife. Any credit extended to her will be at the merchants risk.

JOHN CARPENTER.

Dr. and Mrs. Cherrington spent the Fourth with the doctor's parents at Bidwell, and attended the celebration at the opening of the new Bidwell Porter Driving Park. Mr. Harley M. Whitcraft scored a great success in his Fourth of July oration spoken there that day.

Married by Rev. J. F. Williams at his residence in Logan, July 7, at 8 o'clock p. m., Mr. Joshua Smith and Miss Alice A. Patton. The beautiful ceremony was witnessed by a party of their friends, who came with them from Haydenville. After a pleasant social time the company departed.

## SERIES OF ACCIDENTS

Logan and Vicinity a Center of Happenings.

### MR. ELI CHUTE

Among Those Suffering Severe Injuries.

KICKED BY A HORSE.

On Tuesday morning while Eli Chute was milking a cow, a colt came playing about, and Mr. Chute raised up to drive it away when the colt whirled and kicked him on the leg above the knee, causing a compound fracture. His many friends much deplore the accident, and wish him a speedy recovery. Dr. Campbell, of Logan, and Dr. Wood, of Haydenville, were in attendance on the suffering patient and report him getting along as well as could be expected.

LINEMAN HURT.

Mr. Will Yost, who has recently come to Logan as lineman for the Bell Telephone Co., fell from a tree near Enterprise, Wednesday afternoon and was badly injured. He lay for an hour or more unconscious at the foot of the tree before he was found by passers by. Being taken into the house at Isaac Mathias old homestead, Dr. Smith was summoned and after hard work resuscitated him, and at this writing he is living but in a very serious condition.

LATER—We regret to announce that Will Yost died of his injuries at his rooms in the Warner Hotel, Wednesday night.

FINGER CUT OFF.

Old friend Fritz Honegger, sustained the loss of a finger Wednesday while working at the Rempel building that McBroom Bros. are tearing down. A huge timber fell on the finger while he was holding to a brick, the plank completely severing the member. The good old man is much pined in his painful misfortune.

ACCIDENTS AT BRICK PLANT.

Two accidents occurred at the Kerlin Bros. brick plant Wednesday almost at the same time so that the injured were brought to town in the same rig for surgical assistance by Dr. Aplin. One of the fellows got his wrist between brick backs and was bruised up considerably, while the other got his fingers between the tumpers on the "drinks" cars and had them mashed badly.

CARRIAGE UPSSET.

A carriage-full of ladies was overturned near the depot last Thursday evening, as a result of the horse becoming frightened at Gage's automobile. The carriage contained Mesdames John F. White and Fred Rochester, and Misses Stella Strentz, Jessie Collins and Emma Floyd. All the ladies extricated themselves without serious injury, but all were bruised and scratched, Miss Floyd suffering the most heavily. The carriage shaft and dash-board were broken.

### Farmer's Meeting.

The Farmers of Hocking County will meet at Hansel's Groves, four miles south of Logan, on Wednesday, July 18, 1906. Good speakers will be in attendance and a rousing time in the interest of organized farming interests in this state. Everybody is invited.

Phil McCarthy and Alex White will leave this week for a vacation trip to Chicago and Duluth.

Miss Lois Smith, of North Babbins, is the guest of Mr. and Mrs. S. C. Bright.

### Hocking County Fair.

The Board of Directors of the Hocking County Agricultural Society wishes to make formal announcement of the Hocking County Fair which will be held on its ground August 22, 23, 24, and 25, 1906. The members of the Board have done much work in making full arrangements for this fair in the interest of the agricultural industries of the county.

The Board solicits the hearty cooperation of every citizen of the county.

The premium list is now ready for free distribution. This will be interesting to all and should be carefully preserved. Every citizen should see if there is not some item which he can enter or place on exhibition. Besides the articles for which premiums are offered the Board solicits the merchants, miners and manufacturers of the county to place on exhibition the goods and products of their respective lines.

The Board makes no charges to merchants making a display. Manufacturers will be given space free of all charge to make a display of their line of goods.

The Board is making arrangements for some special attractions. With good races, special attractions, the stock and farm implements, and a merchants and manufacturers display, the grounds will be full and one of the best fairs can be witnessed.

It is hoped that as the Fair is started again, all citizens will do their part toward its success.

### Card of Thanks.

Mrs. D. M. Kanode and family desire to express to friends and neighbors their thanks for the kindness shown them during the late illness, decrease, and funeral of their beloved relative, D. M. Kanode.

### Surrender of a Trust.

One trust appears to have come to time for fear of the law—not any new law, but the old anti-trust legislation which has been on the statute book for years. There may be but few people who know there is a Licorice Trust, and octopus, which has its tentacles fastened on the independent tobacco manufacturers, whom is charged 30 per cent higher prices for licorice than it charged the Tobacco Trust. As licorice is not an article of steady diet except to those who use chewing tobacco, the public will gain nothing now the trust has determined to be equity by charging all its customers alike, for the tobacco manufacturers will probably not reduce the price of tobacco in consequence of the vigorous trust prosecutions by the Administration of this predatory trust. If President Roosevelt would stir up his young men to prod the Beef Trust, the Sugar Trust, the Coal Trust, the Standard Oil Trust and others that produce necessities and force them to cut their prices 20 per cent there would be something to rejoice about, that would help the overtaxed purse of the housewife.

### Tainted Money.

The Democrats of Wisconsin in their platform just adopted remind the country that the Republican national committee has not made restitution of the large sums received from the Life Insurance corporations which from the funds that should have been sacred to the widows and orphan of policy holders. The plank adopted condemns the Republican party for the acceptance of the policy holders' money and demands that the same be restored. Now President Roosevelt has five months' holiday before him, there can be no excuse, for lack of time, for his not taking up the matter with Chairman Cortelyou and ordering that restitution of these tainted funds be made to their rightful owners.

Mr. and Mrs. John Smets and two children, of Columbus, were guests of Roderich Brown and family last week.
